Appeal to Public Utilities Commission

The C.P.R. have made application to the Board of Public Utilities to have part of their lands withdrawn from the limits of the town. The lands for which authority is asked to have removed from the town limits are the east half of section 15, which includes the farm immediately west of the town and part of the golf course, the land known as the Berry pasture, and also occupied for store and lumber yard by the Company, that part of the Demonstration Farm where the poultry department is situated, and a small tract between the engineering headquarters and the railroad.

Assessment Appeal

The appeal by the Company against the decision of the Court of Revision with regard to the assessment of C.P.R. lands will come before his Honour Judge McNeill, at Calgary, on Thursday of this week. The Mayor, Secretary Treasurer and Town Solicitor will be present to defend the assessment.

GOOD PRICE FOR WOOL

Southern Alberta wool growers received an average of 54 cents a pound for the wool marketed through the Canadian Co-operative Wool Growers' in Toronto, according to an announcement made by the Lethbridge representative of the pool.

Rosebud News

Mrs. Chas. Goss is home again, after a two week's illness in the Drumheller hospital.

Abe Gross left for B.C. last week.

P. W. Schultz was a Calgary visitor last week.

Ed. Nicklasson and L. Nicklasson, spent several days in Calgary. Ed was rejoicing that he had over seven hundred acres of wheat sown before our heavy rain last week.

Warren Riley purchased green feed from R. Brunner last week.

Gen. Gow and Miss Douglas were dinner guests of R. Brunner's last Sunday.

Jack Pratter is so busy on his country estate that he scarcely has time to stop in town to do his shopping.

Mrs. Foster received a telegram stating that her nephew had been killed by a live-wire at Hoyer, Kan.

The Boys' Club are going to pile up what they did last winter, viz., four down and pile up the lumber they put around their "would be" skating rink, and plan some way to dispose of it. They are also giving a dance in the near future. The proceeds are to take them for a holiday trip to Sylvan Lake.

STRATHMORE U.F.W.A.

The Strathmore U.F.W.A. met at the home of Mrs. W. C. Tucker, April 22nd at 3 p.m. The minutes of the previous meeting were read and adopted. Eggs and poultry contracts were discussed, and everyone having either eggs or poultry to dispose of would do well to sign the contract.

The advisability of forming a Junior branch of the U.F.W.A. and T.F.W.A. here was discussed, and was decided to have a social, when this busy season is over, and see if we can organize one. There are plenty of young people in the community who would benefit by the organization. Other communities have Junior Branches, why shouldn't we?

A most delicious luncheon was served by the hostesses. The next meeting will be at Mrs. Wm. Hinton's on May 6th. Come and bring a friend.

Fire at Standard

For the second time within the last ten years fire completely destroyed the barn and contents of the Chris. Rasmussen barn, one-and-a-half miles southeast of Standard. The fire, which broke out about ten o'clock Sunday night, was plainly visible for miles around, and within a short time crowds were rushing to the scene from all directions.

Mr. Rasmussen, an aged man, lives alone, and having retired early, he was not aware of the fire until roused by his neighbors. It was a pitiful sight as he helplessly watched the destruction of his barn and the horses which had grown old in his service.

By the time his nearest neighbors were on the scene, the building was completely gutted, so quickly had the fire gained headway, and the terrific wind which was raging at the time greatly endangered the other buildings. The firefighters were kept busy removing implements, wagons, etc., from the sheds close by, and throwing water on them.

Of the twelve horses which were in the barn at the time only one was saved. There was also a quantity of hay in the loft, besides 600 bushels of oats and twelve sets of harness. The cause of the fire is unknown at present. The building was covered by insurance. The fire, coming as it did, at the peak of spring work is greatly regretted, and Mr. Rasmussen's many friends extend their sympathy in his loss. The damage amounted to between \$5,000 and \$6,000.

ALBERTA LIVESTOCK BOARD

Organization of the Alberta Provincial Board was completed the past week with J. G. Clarke, of Irma, as President; J. C. Yale, of Carleton Place, as Vice-president; S. C. Carlyle, Livestock Commissioner, as Secretary; the presidents of the four livestock breeders' associations in the south and the four in the north with the secretary of the two associations as directors. Four directors at large were named as follows: J. L. Walters, Elbow; Angus McDonald, Ray; A. E. Cross, and G. H. Hutton, of Calgary.

Standard

Mr. Thorvald Rasmussen returned to Calgary on Thursday, after spending ten days with his parents here.

Mrs. Floyd Urbani was a passenger on Calgary on Tuesday's train.

The Misses C. and M. Pedens returned on Monday from Edmonton and Calgary, where they spent their Easter vacation.

Mr. Axel Rasmussen has returned from Shoelice, Alta., and has resumed his position at the Atlas Lumber Yard.

Miss E. Lemmon returned to her duties at Craigleight School on Monday, after spending her Easter holidays in Calgary and Edmonton.

Mrs. N. A. Peterson returned from Calgary on Monday.

Mr. William Drydale and sons, Logan and Douglas, returned from Calgary on Sunday with their new Master six McLaughlin truck.

Mr. and Mrs. R. P. Hansen and son, Anker, left Standard on Thursday for a four-months visit in Denmark. They will go via Montreal, and return via New York. Mr. and Mrs. Hansen also intend to visit Norway before returning to Standard.

At time of going to press it is estimated that approximately five per cent. of Standard's crop acreage had been seeded. The rain and snow which fell towards the end of the week prevented seeding operations from going forward, but a few fine sunny days and the land will be in better condition than ever for seeding. Farmers in this community say that the spring of this year is the most favorable for many years, and all indications point to a bumper crop this fall.

Miss Cordie Pedens was the guest of Miss Helen Rasmussen last week-end.

Beiseker Notes

A meeting of the baseball fans of the district was held in Mr. E. N. Hagel's office on Tuesday evening, April 21. The meeting unanimously decided to put Beiseker on the baseball map. Mr. P. A. Louns was chosen president, and Tony Hagel, Secretary-Treasurer. Beiseker is joining the "Big Five" league, consisting of Irricana, Beiseker, Arden, Granger, and Swaleville. The league is affiliating with the Alberta Amateur Athletic League. So get the old glove out boys, we're all rarin' to go.

On account of ill health Matt Hagel has been forced to discontinue his business here. Mr. Dattner and Mr. Alenstet have purchased Mr. Hagel's store.

Do you remember what we told you a short time ago about some young men buying a car? Well they went to a dance at Rockyford recently, and failed to return until noon next day. They said they were stuck in the mud, but—well, we weren't there to see.

Mr. Ignace Hagel is building a new house and barn on his lots in the north side of the village.

Born to Mr. and Mrs. P. Schnitz on April 24, a son.

Mr. York, one of our barbers, held a sale on April 24th, and has moved to Vancouver. Mr. Flinders purchased the piano. The barber shop is being taken over by Mr. M. Stout, of Calgary.

Mr. Wald is the latest to buy a car.

It won't be long before the council has to put up a "Parking Ten Minutes Only" sign on Main Street.

The Village of Standard and the Standard Sports Committee have jointly purchased 15 acres from Mr. Axel Larsen, who had purchased a tract of land, which included the former sports grounds. The Old Sports Ground has now been reclaimed, and the committee propose to fence it, after which a new committee will be appointed, and other improvements made.

Have You Joined?

PROGRESS WITH DAIRY, LIVESTOCK AND POULTRY POOLS IN ALBERTA

The total of 558 contracts have been already signed up by dairymen of the province, with the dairy pool.

The total of 1068 contracts have been signed with the livestock pool.

A total of 350 contracts, representing the production of 24,102 hens, have been signed up with the poultry pool.

This is the status of organization at the present date of a new provincial co-operative marketing pools, now in the process of formation, and for which a concentrated drive for membership will be undertaken during the three weeks from June 8th to 28th next.

The objective of the dairy pool is 33-1/3% of the total milk and cream marketed in the province of Alberta, 1925, based on figures of the Dominion Department of Agriculture.

The objective of the livestock pool is a marketing minimum of 2500 cars of livestock based on 25 head of cattle per car, 80 head of hogs per car and 100 head of sheep per car.

The objective of the poultry pool is 1,500,000 dozen eggs. The contracts signed to date cover a production of approximately 145,000 dozen or about ten per cent. of the objective.

This indicates satisfactory preliminary progress in the formation of the new pools, which will seek to market on a co-operative basis a large proportion of the dairy, livestock, and poultry of the farmers of the province. The severe winter weather and the road conditions made organization work difficult during the winter months, but the fact that signed contracts for all of the pools are coming in daily indicates the spirit behind the movement, and the efforts of the pools anticipate no difficulty in attaining the balance of their several objectives during the three weeks of the concentrated drive for membership from June 8th to 28th.

Keoma Keoma

Mr. and Mrs. G. Wilson went to Calgary for a few days.

Mr. and Mrs. T. Brown and Master Kenneth motored to Calgary last week.

Mr. and Mrs. Thompson were early birds, going to the city Saturday morning.

The new baseball outfit, has arrived, and the KKK's are getting into shape. The last outfit was burnt up last fall when the Keoma Store was burnt down, so the club is arranging for a big gala day on May 24th to swell the funds—a turkey shoot, baseball game (real baseball), and the Keoma Society are putting on a play for the new piano, so watch for further notices.

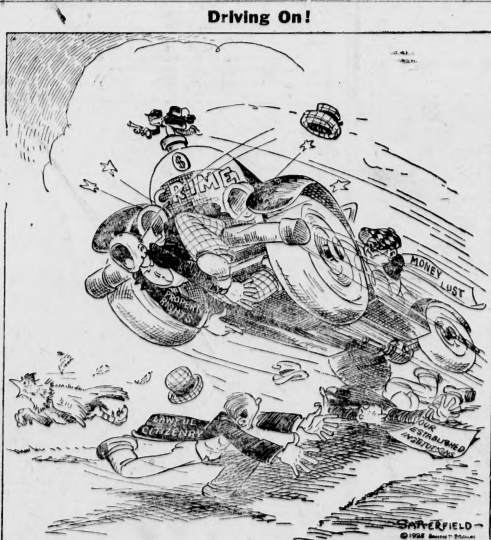

Mr. Bob White sustained a fractured collar bone last Sunday when his horse slipped down a ladder hole and threw him. It is hoped he will soon recover.

LOTS OF MOISTURE

Seeding was suspended during the latter half of last week by heavy rain and snow. During the week more than an inch of moisture fell. Seeding was resumed again on Monday, and it is estimated that about fifty per cent. of the wheat is now in.

With the moisture at present in the soil, the crop is assured of good germination. There is more water in the sloughs in the district than for a number of years past.

Some belated threshing has been done by farmers in the Tudor district who were interrupted by winter in the course of operations last year.

Bel's Garage Changes Hands

The announcement was made at the beginning of the week that Mr. Jack Arnold had bought Mr. H. W. B. Bell's garage business in Strathmore.

The new proprietor has had a large amount of experience in the business, having previously held the Ford Contract in Southern Alberta for five years. He had been lately on play as road supervisor for the Ford Company, working under the Calgary office.

Mr. Arnold is now in possession of Bell's Garage, which he will run under the name of Arnold Motors. The announcement will be found in our advertising columns. He and Mrs. Arnold will take up residence in Strathmore shortly.

Mr. Bell will continue the Chevrolet Agency until such time as his present stock of cars is exhausted. His future plans are not quite matured, but we are glad to learn that it is not his intention to leave Strathmore, where he has been resident for the past five years, for the last two and a half years he has been Mayor of the Town, a position which he has filled with great satisfaction to the ratepayers and to the advantage of the Municipal finances.

Cheadle

O. Edwards, J. Warrack, W. C. Eze, F. Arnold were Calgary visitors during the week.

Ray Olson is back in the district, and is at present at Walter Miner's.

O. G. Craig and R. H. Wade were in Calgary with the Langdon Oddfellows to attend the funeral of J. J. Dewey, held on Tuesday.

The spring clean-up is on, the elevators are being cleaned up around the outside and inside, ready for another year. The railway yard and station are also being fixed up.

Geo. Kays is a visitor at Tim Kilde's.

Grocery peddlers are making their appearance in the district. Farmers can do better in prices and quality by buying at home. Spend your money with the taxpayers in your own town, and help keep it up, and not Winnipeg and other places in the east.

Read the Advt.

Carseland

There will be a wheat road meeting next Monday at Carseland. Special business will be discussing the advisability of holding a district convention and electing delegates to this convention.

The P. B. Club will hold its next regular meeting at the home of Mrs. Gardner on Thursday, May 7th. The writer was in receipt of the March issue of the Junior U.F.A. Pioneer, very splendidly gotten up, and edited by the Junior U.F.A. at Carseland, a ten page paper which is edited by Charlie Hummer. This publication would be a credit to any community of young people, and the Junior U.F.A. at Carseland should be very proud of it.

While we are speaking about the Junior U.F.A., let me say that it's my opinion that the time is very opportune for a Junior U.F.A. here, as there are a lot of young people, and the Junior U.F.A. at Carseland would be a credit to any community of young people, and the Junior U.F.A. at Carseland should be very proud of it.

The wheat meeting is just about completed around here, and some oats have been drilled on stubble. The moisture of the last week held up seeding operations for two or three days.

The U.F.W.A. dance next Friday night should be a welcome period of recreation, a break in the high tension period of seeding operation.

Someone recommended a hot-shot for starting a Ford to one of our citizens, who said: "What's a hot-shot—one of those things you get over at the blacksmith shop?"

Mr. Dick Se. was with an accident last week, when an unruly bull attacked him, knocking him down and bruising him up badly. The boys saw the trouble in time and drove away the trouble animal with pitchforks. If the bull had had bad horns there probably would have been a fatality.

We heard the other day that wearing rubber sole shoes was hard on the eyes. No wonder so many folks burn out their lights.

Mrs. Haskayne, Mrs. Holden, and Mrs. Pakenham had a narrow escape last week when they were returning from across the river in Mr. Haskayne's truck, when the car started to skid on an embankment. The back end of the car tried to get ahead of the front end, and both ends went over the bank and the car upset into the water. They had to cut their way out of the back of the top. No one was badly hurt.

Born to Mr. and Mrs. Arnold Lausen, a son. Now we know why Arnold cut down some of his trees!

Mrs. McKinney has been spending the last few days with her brother, Mr. Crumley. She gave a very interesting talk to the Sunday School last Sunday.

Rockyford

Seeding is general throughout the district. There is much more acreage being sown than in the past years, and the farmers are all looking for a bumper crop this year.

Mr. P. R. Debon is away, owing to the illness of his father, who has since died. Mr. W. H. Currie takes his place at the Crown Lumber Yard.

Phil Lingenfelder, of the Rockyford Motors, commenced a moving picture show on Saturday evening. The show commenced at 8:30 p.m., but owing to a number of difficulties not figured on, the show was nature late in coming out. Phil was showing a good picture, "The Great White Way," and did not do justice to his showing; but next week Phil promises to have everything in good working order, and will give the people of Rockyford the best in pictures.

Mrs. Wm. Walker, nee Miss Edith Griffith, was the guest of honor at a reception and miscellaneous shower held at the home of Mrs. F. E. Ryan on Friday afternoon, April 24th, and was the recipient of many beautiful and useful gifts. Among those present were: Mrs. J. Black, Mrs. A. Pugin, Mrs. S. Hovey, Mrs. P. Riley, Mrs. L. M. Wise, Mrs. J. A. Wise, Mrs. G. Fournier, Mrs. P. Lingenfelder, Mrs. B. Myers, Mrs. W. T. Ruid, Mrs. J. Reisch, Mrs. D. R. Poole, Mrs. T. B. Birt, Mrs. M. Heinzelmeier, Mrs. W. Harwood, Mrs. S. Davis, Mrs. J. L. Phillips, Mrs. H. Leonard, Mrs. T. A. Volma, Mrs. H. E. Brown, Mrs. J. Weiss, Misses Lucy and Betty Leonard, Mrs. F. E. Ryan, Mrs. A. L. Miller, Mrs. A. Sime, Mr. W. Carpenter, Mrs. Joe Stitt, Mr. Paula Post, Mrs. C. Rogers, Mrs. H. Robinson, Mrs. Rowenman, Mrs. F. H. Hulse, Mrs. C. E. Walcott, Miss Pauline Griffith, Miss Cora Wambolt, Mr. James Black and Mr. Chas. Ellard.

A dance was given in the Rockyford Hall in honor of Mr. and Mrs. Wm. Walker on Friday evening, April 24th. The dance commenced about 8:30 p.m. The music was supplied by Mrs. J. M. Wells and Messrs. Campbell and Lachman. Mr. Art Sanger (bachelor) acting as M. C. Lunch was served at 12:30, after which Mr. Alex. Sanger gave a short speech, and Billy responded very ably. The dance closed about 2 a.m. Everyone having a good time, and wishing the happy couple good luck.

Did anyone see the telephone agent on Sunday?

Miss Siegel's recital, which was to have been held in Rockyford Hall last Thursday was postponed owing to bad roads, and will be held on Thursday, May 7th.

Card of Thanks

We wish to thank our friends in Rockyford and vicinity for the kindness and sympathy shown us in the recent loss of our husband and father, Mrs. EMMA MANNON and Family, Seattle, Washington.

THEFT CHARGE ARISING OUT OF FIRE

Constable Carr, Carbon, on Monday arrested Alex. Klinchuk on charge of stealing \$750, the property of B. C. Brown, whose home was burnt last week. It is alleged that Brown had \$750 in the building at the time of the fire, and this sum was used by Klinchuk who was employed by Brown, to buy a Ford car. Klinchuk denies the charge, and states that the money he used to purchase the car was his own. The trial takes place this week.

DR. DENOVAN MOVES FROM DRUMHELLER

Drumheller lost a splendid citizen in the removal of Dr. A. E. Denovan, who left Saturday to commence the practice of medicine in Rockyford. However, he still retains his property interests here, while the Drumheller drug store, of which he is the owner, will continue to be managed by S. A. Rowell, who is a well-known figure in the retail drug trade of the Red Deer valley.

Dr. Denovan was medical health officer for Drumheller, in which capacity he performed splendid service to the mining city, while he was an active member of the Board of Trade, Canadian club, St. Michael's Church of England and other organizations having the welfare of the community as their object. He was also an active figure in the Conservative ranks at Drumheller, and while holding a strong opinion on different matters, his time and his purse were always open to anything which, in his opinion, was for the betterment of the city, to which he came about four years ago from Leduc, Saskatchewan.

While regretting to see Dr. Denovan missing from the scenes of things in Drumheller, everyone will wish himself and family every success in the busy agricultural town of Rockyford.

Drumheller news in the Alberian See "Grumpy" at the Rockyford Hall on Friday, May 1. Mr. James Black, manager of the local branch of the Bank of Commerce, goes to Calgary this week to meet Mr. John Aird, president of the bank, and Mr. C. W. Rowley, General Manager. They are making a tour of the West, and will be in Calgary May 1st and 2nd.

CARD OF THANKS

We wish to thank our friends in Rockyford and vicinity for the kindness and sympathy shown us in the recent loss of our husband and father, Mrs. EMMA MANNON and Family, Seattle, Washington.

A Disc Clutch that never needs oil

THE new Chevrolet has a new, improved dry-plate disc clutch that needs no lubrication. It has no internal adjustment. It has a positive, smooth action that makes gear shifting easy. A light pedal pressure operates it, yet it has more than a thousand pounds pressure action delivering all the power to the rear axle without slippage. It is fully enclosed.

This is but one of the many quality features of the new Chevrolet that are daily making thousands of people ask: "How can they produce such fine cars to sell at such low prices?"

Social-Personal

Mr. and Mrs. E. E. Zerkle and daughter, Esther, arrived back in Strathmore after spending the winter in the States. Mr. Zerkle had been ill for several years with nervous breakdown, and had tried many remedies, but during the past winter he has been to Mary Imbrie, Minnesota, who have effected a complete cure, and Mr. Zerkle is now back full of pep, as his many friends, who sympathized with him during his long illness, will be glad to know.

Mrs. Percy and Mrs. Arthur Waddy were visitors to town on Saturday.

A very enjoyable surprise party was held for Leonard Hilton, at his home on Saturday evening, April 25th, the occasion being his birthday. The evening was spent in dancing to very fine radio music. Bridge and "500" were also played. A very dainty lunch was served at 12:30. The guests were Mr. and Mrs. Hilton, Mr. and Mrs. Gohard, Mr. and Mrs. Pirie, Mr. and Mrs. Kerr and son, Miss Edna Hilton, Miss Isobel Malcolm, Messrs F. Hilton, L. Jones, and J. Bennett.

A number of local boys motored to Calgary Saturday evening to take in the dance at the Al Asher Temple. Owing to trouble on the road they didn't reach home till Sunday evening.

The population has been going on during the past week. A son was born to Mr. and Mrs. Arnold Lausen on Monday, a son to Mr. and Mrs. H. Wilson, south of the river, on Wednesday, and on Friday a daughter was born to Mr. and Mrs. Frank Seales. Mothers and children are reported doing well.

Mr. A. H. Haines motored through from Montana last week. For nearly three hundred miles he had to plough through mud.

Mr. P. R. Dobson's father died at Chino's last week.

Mr. Jos. Van Tighem has purchased a new McLaughlin Sedan, replacing his old McLaughlin, which gave him nine years' good service.

STRATHMORE MAN
ALLEGED TO BE IN
CONFINEMENT IN SEATTLE

The "Vancouver Saturday Tribune" makes the statement in its issue of April 15, that fifteen Canadians were in detention at Seattle on the charge of entering the U.S.A. illegally. The "Tribune" states in part:

"Friends of Sid Baker, Billy Peters (formerly foreman at Shelly's Bakery), Arthur Parkinson, a man named Smith (formerly of Strathmore, Alta.), and of eleven other men who have disappeared within the past four months without a trace, may be relieved to know that the above men with eleven others are being held incommunicado in the U. S. Detention Barracks and Country Jail at Seattle.

"The man Smith, who was born at Strathmore, Alta., and whose Christian name cannot be recalled, has been under confinement for sixteen weeks, while the U. S. authorities are belatedly looking into his case."

"The Smiths are a big family, but any Smith who was born in Strathmore must be a very young man, as Strathmore only came into existence in 1867. However, the Tribune article is somewhat hazy as regards details.

Town of Strathmore

CLEAN UP!

Property Owners and Occupiers are requested to at once have all refuse, etc., raked into heaps, burnable, non-burnable, and ashes to be in separate piles. Place in position convenient for removal by wagon. The Town of Strathmore has contracted with Mr. John Schaefeli to remove this material, but all cleaning-up of yards, etc., has to be done by the owners and occupiers. The town will not remove manure. This will have to be done by property owners or occupants.

The old nuisance ground is not to be used hereafter, and no person but the town contractor will have access to the new ground without special permission.

After this date it will not be allowable to deposit refuse on the ground. Provide garbage containers of sanitary type. These will be emptied regularly by the town.

The Council, in the interests of public health and cleanliness, look for the co-operation of the townspeople in this matter, and all not complying will be liable to prosecution. By order.

F. R. LILLY, Sec. Treas.

April 8, 1925.

"Why We Should Buy At Home"

By Hilda Galpin, Beria Vale School

There are many important reasons why we should shop at home. When you spend your dollars at the local stores you are making your money work for the town and community, not forgetting that you are included in the latter.

Money sent away from your town and district, instead of being a help to the community, is a distinct loss. Everyone knows that stores are a necessity to any town and district. This can easily be understood if we stop to think what it would be like if we had to send to the cities for every little thing that we wanted, and if our stores are a necessity to us it is only fair that we should give them our support, and it follows that more trade with our local merchants means that they can give us better service and better value.

We should also bear in mind that our storekeepers are part of our community, and when we have many years they have then seen and often they have to help things along by giving credit, and by doing so they are helping the district to keep things going. It should not be forgotten that the merchants in the distant cities do not pay any rates or taxes in your town to support your churches and schools, but your local men are willing to help in anything which is of any benefit to the town and neighborhood.

People often look at prices without regard to quality. If this latter is studied you will find that the local stores can often give you equal and sometimes better value for your money. Your merchants have to know up the quality of their stock because if they do not they would soon hear of it for the reason that their customers are mostly local people.

When buying from your local dealer you should not lose sight of the fact that you can see the actual good, not just a description, and judge of its value before you pay for it.

If you think over the matter carefully you will find that it is your duty when possible to spend your money where it will do the most good, so before you send money to distant cities for goods that you want, give your merchant a chance first. Remember that good stores and good service are a necessity to a well-built-up community, and that your support is necessary also that your dollar is directly or indirectly helping to pay the butcher, baker, etc., and helping to keep up the different organizations which are necessary to any thriving town. Another reason we should buy at home is that by trading at our local stores we increase their business, which makes it a necessity to employ more help, and thereby reduce to a certain extent the great cry which we hear on every side, "unemployment", and last, though by no means the least, is when we trade at home we give the shopkeepers more confidence in their business, more sympathy with their fellowmen, and encourage them to advertise more freely in our local paper.

SOLD BLACK ALCOHOL TO WOODFORTH INDIANS AND IS FINED \$500.00

Convicted of supplying Blackfoot Indians with wood alcohol, Edward Lister, a Blacksmith at Carleton Place, has been fined \$200 and costs, with the alternative of four months imprisonment. He appeared before G. H. Gooderham, Indian agent on the Blackfoot reservation.

The evidence that led to the conviction of Lister was gathered by Scout Paul Fox. It was noticed that some of the Indians showed the effects of this dangerous liquor. The chiefs would not venture any information other than that they thought somebody was supplying the braves with a bad liquor.

The investigation which followed led to the conviction of Lister.

ANNOUNCEMENT of Change in Garage Business

Having bought the Bell Garage, Strathmore, and taken over the Ford Contract, I will conduct the business in future under the name of **ARNOLD MOTORS**. Having had a number of years experience in the garage business, I will endeavour to give first-class service in all makes of cars, and respectfully solicit your patronage.

JACK ARNOLD

FORD SALES AND SERVICE
PHONE 31 STRATHMORE

Mr. Jack Arnold having taken over my Garage Business, I trust that the public will give him their support. He is a first-class garageman, and you can depend upon good service.

I have to thank you for the excellent support you have given me in the nine years I have been in business in Strathmore.

I will continue the sale of **CHEVROLET CARS** until the present stock in hand is exhausted. Service will be given by Arnold Motors.

HAROLD W. B. BELL

Ratepayers' Center The Standard's Crossword Puzzle

KEOMA MEETING

At a meeting in the Bryn Mawr schoolhouse, held by our energetic councillor, Mr. A. Kneibler, and a number of ratepayers, Mr. W. J. Gwin was elected chairman for the evening, and F. W. Fraser, secretary.

The meeting had the pleasure of hearing a report from Mr. Kneibler on the previous years work.

He also urged the ratepayers to be prompt in the payment of school taxes. The hospital question was also taken up, and every applicant must be in the district at least six weeks before he is entitled to free hospital treatment.

The M. D. salary was discussed, and it was decided that the present salary of \$2400.00 was none too much for the work the secretary had to do.

The question of maintenance and road building was taken up. It was recommended by the government engineer that the two miles of road from J. Lewis corner east to J. L. Hughes corner be built this season.

A recommendation was also made that the road south of Chas. Thompson's be built east.

Mr. H. C. Hurdman was engaged to take the road north of Chas. Thompson's to be built east.

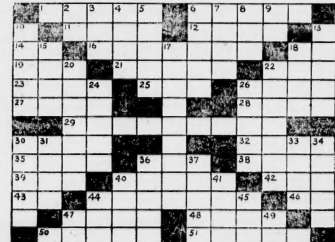

Mr. H. C. Hurdman was engaged to take the road north of Chas. Thompson's to be built east.

It was decided to give the balance of the draying to J. K. Snodell, if he would accept it.

All draying is to be done after every rain for the sum of forty-five cents per mile.

The election of a weed inspector was next: nominations—Mr. J. Lewis, moved by Mr. J. Shepherd. Mr. Lewis being the only nomination, he was declared elected for the year 1925. The salary to be increased to \$100 for the season.

A motion was put by J. Shepherd that the weed inspector notify the road committee of any land that he thinks advisable to be plowed up. It was seconded by H. C. Hurdman. The motion was carried by the meeting.

ALBERTA FOR ME
Now if you'd ask me what I like the
best,
In all this grand and glorious West,
I'd say, "Alberta, she's my choice."
I'll sing of her with my heart and
voice.

Plung far and wide, great prairies,
Something in me longs for these
open spaces.
Her rivers too, some pluming, others
silently their courses take.
Moving ever onward, to swell the near
or lake.

And to the West, piercing the azure
sky,
The bold Rockies, as sentinels, stand
bravely by.
Their rugged beauty, splendours,
grandeur no man can thrill.
Alberta's prairies, rivers, lakes and
sky.

Golf News

There will be a men's 18-hole stroke
competition on Sunday next, May 3rd,
to find out what material will be
available for matches.

It is requested that all those who
wish to take part in this game give
their names to the Captain before
Saturday noon so that the draw can
be made.

The list will be posted in the win-
dows of the local hardware stores, and
players are asked to make their own
arrangements as to what time will be
suitable for them to play.

All cards must be turned in to the
Captain or Secretary by Monday after-
noon.

New members should do their best
to get low scores, and thus ensure
themselves a place on the team.

With a view to getting the course
fixed up in good shape, all members
will be expected to do what they can
in the way of work early next week,
in an endeavor to get the course in
a playing shape.

Get a new member signed up be-
fore Saturday.

The Ladies' Club are off to a good,
early start, with three competitors for
their Grass Score Cup, to be played
on successive Saturdays, the 2nd,
9th, and 16th of May. 2 holes, medal
or stroke play, medal play rules to
govern the competition, and the
winners with the lowest aggregate
for the three scores to hold the cup
for the season. The cup is to be
played for each spring in this manner
until the same player has won it for
three different seasons, when it will
become her property. Mrs. H. Tomp-
kins held it for 1924.

To make this interesting general, a
handsome gross score prize is offered
to the second flight player, who will
compete for it under the same con-
ditions at the same time, and the
prize of a ball is offered for the best
score turned in by this season's new
body members—a full target is
looked for at the links on Saturday,
May 2nd, at 2.30 p.m. The young
lady captain re-plays her fellow-player.

"GRUMPY" COMES TO STRATHMORE

On Monday evening the members of
Tudor Dramatic Society came to
Strathmore and put on the play
"Grumpy" which they had previously
shown at several points in the dis-
trict. They were regarded by a fair
house. The performance was fully
to the advance notices and quality of
its amateur thespians. The outstand-
ing character of the play was Mr.
James Rennie, in the title part, and
others who had heavy parts and per-
formed them creditably were Miss
Margaret Freyre, Rev. C. E. Rogers,
and Mr. Neil Lang. The audience en-
joyed the play all the way through
as was evidenced by the frequent
laughter, and the way they stayed with
it to the end, notwithstanding that it
did not conclude till eleven thirty.

"Grumpy" will be shown at Rocky-
ford on May 1st, in the new hall.

The cast was as follows:
"Grumpy": Mr. Jim Rennie; Virginia,
Miss Margaret Freyre; Eugene,
Mr. Geo. Day; Hubdock, Rev. C. E. Rogers;
Mr. Jarvis, Mr. Neil Lang; Val-
entine, Wolf, Mr. Fred Schafer;
Susan, Miss Annie Day; Dr. McLaren;
Mr. Chas. Schafer; "Kebble", Mr. Harry
Lenard; Merrick, Mr. Winfield
Schafer; Dawson, Mr. Ken Schary;
Mrs. McLaren, Miss Marion Schafer;
Mrs. Jim Rennie, Stage Manager.

Eat more of it. Buy
it here and you will.
Our many satisfied
patrons can vouch for
its tastiness and well-
baked qualities.

**PATTEMORE'S
BAKERY**
Phone 97, Strathmore

Rockies,
I love them all.
CHARLES R. HOENSTRA
Edmonton, Alta.

Yule

Mr. and Mrs. T. Envidson are now
happily settled in their new home, five
and a half miles south of Standard.

Mr. Geo. Green is planning a large
house to be built during the coming
summer. He already has con-
tractors figuring on the price. A new
bar as well as most certainly make a great
improvement in the appearance of his
farm as well as be a great convenience.

Mr. A. Petersen is endeavoring to
improve the main road between Stan-
dard and Glendon by draining a large
pond which, when the water is high,
floods the road. Many strangers as
well as Mr. Petersen's friends will ap-
preciate his good work.

Mr. O. Desjardins has returned to
the farm to begin spring work, but his
family are remaining in Glendon so
that the children can finish this term
of school.

One of the popular young men of a
nearby district is endeavoring to grow
a Charlie Chaplin moustache, as it
adds greatly to his manly appearance,
and a certain lady friend of his is es-
pecially partial to Charlie Chaplin.

Ardenode

The U.F.W.A. met recently at the
home of Mrs. J. Horricks, and put in
a very busy afternoon. The main
topic of discussion was a protest
against the proposed raise of tele-
phone rates. It was felt that if the
rates were going to be raised, many
phones would be removed. A resolu-
tion dealing with this matter has
been drafted and forwarded to the
Serviceberry District Association.

Financial assistance was given to
the Ardenode Junior U.F.W.A., and to
the Junior University week, Edmon-
ton, June 25.

A letter was read from Mrs. Ross
convenor of education, urging upon
the school boards the necessity of
financial assistance to the Teachers' and
Trustees' Association.

There are yet a few schools who
are a little backward regarding this
benefit, but we hope they will make
up and do their part.

The meeting then adjourned, to
meet again at the home of Mrs. E. E.
Thompson at a convenient date. All
tired feelings were forgotten when
the hostess treated us all to a most de-
licious lunch.

The athletic committee is busy ar-
ranging for good sports.

J. A. McCOLL
Special representative of the Van-
couver Harbour Commissioners.
Bringing home to grain growers and
shippers the advantages of the
Vancouver Harbour, Mr. McColl is
promoting the grain trade in the
Western Saskatchewan this summer
addressing boards of Trade, U. F. A.
local, Farmers' Institutes, and per-
sonally calling upon grain shippers
to make them acquainted with what
Vancouver has to offer them as a
market for their grain.

Having been an Alberta farmer for
14 years, and being long and well-
known on an Ontario farm, Mr. McColl,
who formerly represented Acadia in the
Alberta legislature, has a practical
knowledge of the grain situation that
is of great value to the grain shippers.
The experience gained on his
own farm, and his intimate knowl-
edge of the Vancouver market, make
him a valuable asset to the grain
traders.

Mr. McColl, at the time
available for the Federal Government
to transfer engines and cars from the
railway. Commissioners power to
railroad to another in order to handle
the grain at accelerated points, his ac-
tion on that occasion saving many
cars from being their early trip.

Memorial Hall

Finances

The Strathmore Great War Memo-
rial Hall is a community undertaking.
The greater part of the funds for its
construction were obtained by means
of subscription, the balance is gen-
erally being paid off by means of re-
venue from rents, and by dances, etc.,
promoted by the Great War Veterans'
Association, who are operating the
hall.

The primary object of the hall is
as a memorial of the local men killed
during the war, and it also serves the
purpose of a community hall. To en-
hance the memorial object, it is pro-
posed this summer to erect a stone in
front of the building bearing the names of
the men from the district killed in
action. The funds available for this
are the proceeds of collections taken
at the Memorial services held for the
past three years on the date nearest
to Armistice Day, and funds from the
sale of the Presbyterian Church, which
the remaining members of the Presby-
terian congregation have allotted for
this purpose.

The following statement, prepared
last week, shows the standing of the
hall at January 31st of this year, and
the receipts and expenditures last
year.

Current Account	Credit
Balance in bank	\$197.54
Cash in hand	77.35
Outstanding rents	44.29
	\$359.29
Outstanding accounts	20.85
Balance Surplus	328.54
	\$592.29
Capital Liabilities	
R. Garbner, mortgage	\$250.00
Mrs. L. M. Dewitt, mortgage	1000.00
Wainman-Victoria Co., Inc.	
due January, 1926	125.00
	\$3825.00

The value of the hall, grounds, fix-
tures, etc., is conservatively estimated
at \$17,000. \$10,000 insurance is car-
ried on the buildings, \$800 on the
delight plant, and \$500 on the
piano.

An order has been given the Western
Steel Products, Calgary, for a new roof
for the Dining Room, at a cost of
\$246.50. \$125 of this will be due when
the roof is completed, and the balance
three months following. The new roof
is guaranteed for ten years. The
R. Gardner mortgage is paid up as re-
gards interest, but the principal is
overdue. The hall's finance com-
mittee are endeavoring to secure a
renewal of the Gardner mortgage, but
so far have not done so.

Synopsis of receipts and expendi-
tures of Strathmore Memorial Hall,
1924:

Dances, etc., promoted by	Receipts
G.W.V.A. (Inc. Stamped)	\$97.56
Dance Rents	401.60
Meeting Rents	50.00
Concert Rents	76.75
Moving Picture Rents	600.85
Donations (Town of Strathmore)	
Edo Insurance and \$154.20	
Taxes	454.30
Miscellaneous Receipts	76.50
	\$2033.66
Expenses	
Lighting, Fuel, Etc.	\$234.31
Kitchen, Dining Room, Etc.	44.75
Insurance	448.20
Taxes	154.20
Paid on Capital account:	
M. S. Hivle, balance building	\$398.00; Abstract of Title
\$12.00; Waterbury Closets,	\$125.56; Loans repaid \$84.25
Interest	250.00
Janitor Fees, Carreting,	
Grounds, Etc.	158.80
G.W.V.A. on account dances	38.15
Miscellaneous	49.85
	\$9861.37

Mrs. Horricks, who supervised it,
Janitor U.F.W. meeting last S.,
at the Serviceberry School, is
a lively meeting of ten members pre-
sent.

"BUY-AT-HOME"

During the past few weeks we have been publishing a number of essays by school pupils in the district, relating to the advantages of buying at home. There is another side to the question, of course, as a country subscriber informed us last week. He had occasion to buy a small order of leather goods, but when he found the price was a long way higher than that quoted by a well-known mail order house, he took the goods back, getting a return of his money. There will always be occasional instances where the mail order price is considerably lower than the home price, and we have no idea of the relative merits of the local harness as compared with the mail order article. However, the object of a buy-at-home campaign is not to induce or intimidate the customer into buying at home. The object is to have the customer get the prices and compare the quality before he sends his money away. Gleichens merchants are advertising asking that people living around Gleichens produce their lists before they send the money away, and claim that they can fill the orders to better advantage than the mail order house. In every town you will usually find that the merchants who appeal to the public for their support by advertising will sell at prices comparable to the mail-order house. There is no reason why we should not do so, for the overhead of mail order houses is heavy. They have, of course, by their orders coming by letter, and not having to maintain a sales force or display counters, and the buyer loses to that extent that he does not see the goods before buying. Advertising, of course, has to be accompanied by sound business methods and reasonable prices, and our Strathmore merchants generally are playing the game just that respect, for prices here are lower than at many other points in the province.

WHY THE EXTRA COST?

The "Calgary Herald" draws attention to the fact that Alberta's per capita expenditure for 1923 was \$12.30 in Alberta and only \$9.68 in Saskatchewan. The Herald says "Yes in Saskatchewan they still have one of those so-called industrial old style party governments, while Alberta has a farmer government that promoted economical administration and lower taxation."

The reason for the difference in Alberta's costs as compared with Saskatchewan's cannot be held at the door of the present government in Alberta. The debt charge per head in Alberta is \$1.27 and in Saskatchewan \$1.17. Alberta's debt was contracted prior to the advent of the farmer, but not the present government. The capital cost of the province is \$1.17 per head.

It is not surprising that the present government in Alberta has decided to have an expert visit the province to help with the matter. They have for the province in eastern laboratories have proven so successful that it is deemed advisable to have a visit from an expert. It is estimated that a plant which would handle 25 tons per day of the coarser products would cost \$200,000, and it is hoped to interest capital in the project.

STAY WITH THE WHEAT POOL

There are strong indications that the assassins are at work in the grain trade.

In spite of the well-established fact that a serious shortage exists in the world's supply of grain, and that importing countries have kept up a keen demand, the price has been persistently hammered down in the Winnipeg and Chicago grain exchanges.

The wheat pool officials believe, and not without justification, apparently, that a deliberate attempt is being made to wreck the pool.

By keeping the price of wheat at a low level, the wheat pool can be made to suffer, and it would look on the face of things that this is the object of the grain interests.

With the wheat pool a success, the grain interests would, like Othello, find their occupation gone. Thus with them it is the life and death struggle.

Now is the time for the farmers to render loyal support to the wheat pool. If they ever want to get clear of the tentacles of the Otelos.

Mail, Basano.

WHAT ABOUT THE HOME MAKERS?

Have you ever stopped to consider how the permanency of our farm population lies in the comfort and contentment of our farm women? They are the shoes, anchors of the Nation, and half the loneliness and depression and discouragement and discontent they so often suffer on the Prairie is dispelled the day the good wife goes out to her own garden and fills a big basket with luscious red strawberries. The other half of her troubles go when she picks his first apple. The intrinsic value of these things, the actual saving in money it takes to buy them is nothing. It is the fact of being able to grow them and go out and get them for herself that counts. The place really becomes worth staying in after that. It takes on a new and distinctive character immediately. It becomes a real home. Plant trees for the home-maker; she deserves them for she is the most important personage on the farm, not you or the hired man. Make her comfortable and then everybody else will be comfortable.

And the kiddies! They will never forget the trees. The plantations, their shape, the various corners they grow them and go out and get them for herself that counts. The place really becomes worth staying in after that. It takes on a new and distinctive character immediately. It becomes a real home. Plant trees for the home-maker; she deserves them for she is the most important personage on the farm, not you or the hired man. Make her comfortable and then everybody else will be comfortable.

Johnny tore his breeks, will all become a part of that home history we absorb unconsciously when we are little and that becomes to us beloved memories as we grow older. These are the things that count in a psychology of a people. The future of the nation lies in the hands of the children, and there is no better thing you can do for them than to give them a home where they will grow up with a sense of security and a love for the land.

Yours faithfully,
MARY E. WAAGEN,
1st Vice-President and Hon. Sec.
Alberta Division
Calgary, April 15, 1925.

It's Not

Much of a task for housewives to make their most selections here. Our ice-box and counters always hold plentiful suggestions. Stop in to-day.

GOOD SUGAR BEET ACREAGE PLANTED

Well over 6,000 acres have been prepared for the growing of sugar beets completion.

J. J. Bartsch, of Majorville, was in town this week. He brought in his little 4-year-old son Gordon, who swallowed a nut off a Ford last fall. Dr. Scott took an X-ray picture of the child's intestines, and the nut, which was of considerable size, has completely disappeared. X-ray examination made last Christmas revealed the piece of iron very distinctly. It is thought acids in the stomach gradually ate away the nut. —Bassano Mail

Slats' Diary

Friday—A big bunch of women was at a house this evening at sun kind country meeting and after business was transacted why they got to talking about those that said pa and me but I in any I didn't do none of the talking. They was discussing about women ages and pa and I of them if she'd tell the truth if he said that her how many yrs. old she was and she said yes she would tell him the truth she said she would tell him it wasn't none of his business, and they all laughed heartily.

Saturday—pa was madder a wet hen this morning because he got sun bills for stuff she had went & bought. He said when he got home he was a going to let her see who was boss at a house but from the conversation that they had I guess she all ready new who was boss at a house.

Sunday—I overheard pa giving I of are nobles with is a young man sum advise today. He told him to all ways be very care full about anything at the women nowadays. He said if you smile at a woman she is libel to either have you arrested or marry you one of the 10.

Monday—well I guess pa is going to have the ate painted, he doesn't do it yet he thinks he a good look over his own self and save sun money but I heard ma asking the painter how much it costed to have a far painted so I souse he is going to beet pa out of a job.

Tuesday—I ast Jane if she noticed any thing different about me and after she had gave me a good look over she said Well you must have on a new necktie becuz every thing else looks so shabby sun how. I's getting so I hate all the girls here of lately.

Wednesday—Ma told pa tante that if he didn't get to coming more money and get, why before long she couldn't see well you must have on a new necktie becuz every thing else looks so shabby sun how. I's getting so I hate all the girls here of lately.

Thursday—There was a man trying to sell pa a pitcher of sum I called Money Lix for 10¢. Pa said why he wouldn't want to pay ten \$ for the pitcher of a woman when he didn't even no her a tall.

Friday—There was a man trying to sell pa a pitcher of sum I called Money Lix for 10¢. Pa said why he wouldn't want to pay ten \$ for the pitcher of a woman when he didn't even no her a tall.

Saturday—There was a man trying to sell pa a pitcher of sum I called Money Lix for 10¢. Pa said why he wouldn't want to pay ten \$ for the pitcher of a woman when he didn't even no her a tall.

Sunday—There was a man trying to sell pa a pitcher of sum I called Money Lix for 10¢. Pa said why he wouldn't want to pay ten \$ for the pitcher of a woman when he didn't even no her a tall.

Monday—There was a man trying to sell pa a pitcher of sum I called Money Lix for 10¢. Pa said why he wouldn't want to pay ten \$ for the pitcher of a woman when he didn't even no her a tall.

CANADIAN NATIONAL PROMOTES RESOURCES

SINCE the organization, the colonization and development department of the Canadian National Railway has given attention to the development of the natural resources of the territory traversed by Canadian National lines and in order to give greater effect to the activities of this branch of the department, it has been decided to place a representative in charge in the western region, whose chief duty will be to gather information and promote further the development of these resources, more especially in the provinces of British Columbia and Alberta. In this way, the facts obtained can be brought to the attention of those interested, with capital.

The office for this district will be at Edmonton, in charge of R. C. W. Lett, now General Agent, Colonization and Development Department, Canadian National Railway, who is well fitted for the work, having had considerable experience in connection with mining and lumbering, and during the past few years has made a very close study of the natural resources of British Columbia and Alberta.

Spring Plowing In Egypt

If you think sitting on a motor-driven plow all day is hard work, how would you like to be this fellow manipulating what a primitive plow and a stubborn pair of oxen? The scene is in Egypt.
